

The Hudson
range

Viva LIFT![™]
POWER RECLINERS
By Pride® Mobility Products Corp.

The Hudson range

The exquisite Hudson Range from Pride Mobility is proudly manufactured and expertly hand crafted within the UK. The range offers sophisticated design, expert craftsmanship and a variety of comfort and style options that can fit in any home.

Recognised as practical and purpose built chairs with comfort and support in mind, that are engineered for outstanding construction and long-lasting durability. The Hudson Range includes unique features designed to increase comfort, support, quality and reliability.

We are happy to offer a 5 Year Warranty on Electronics and Mechanisms.

PRIDE[®]
MOBILITY PRODUCTS LTD.
LIVE YOUR BEST[®]

CHOOSE FROM ONE OF OUR FOUR MECHANISMS

PREMIER RISE RECLINER CHAIR

The power adjustable headrest adjusts the position of your head, neck and shoulders for maximum support. The power adjustable lumbar enables you to personalize your comfort. The footrest extension allows you to relax and stretch out completely. The USB remote adjusts all functions independently and allows you to charge your smart device. Complete with a safety power cut off switch and emergency single use battery backup. Left or right hand side pockets. For ease of movement these chairs are available with castors or glides. This mechanism has 4 individual motors.

DELUXE RISE RECLINER CHAIR

The footrest extension allows you to relax and stretch out completely. The USB remote adjusts all functions independently and allows you to charge your smart device. Complete with a safety power cut off switch and emergency single use battery backup. Left or right hand side pockets. For ease of movement these chairs are available with castors or glides. This mechanism has 2 individual motors.

TILT IN SPACE DUAL MOTOR

The smooth dual operation chairs quite simply offer independence of the back from the footrest, giving you the option to find that perfect sitting or relaxing position. In addition to this, it can drop your hips below your feet and ankles which is excellent for circulation and water retention.

TILT IN SPACE SINGLE MOTOR

The very best in British designed technology, this mechanism provides a wonderfully smooth recline and is not like any other "Single Motor" chairs. The back angle to seat never changes (fixed) on the recline providing no shear on the back and is ideal for anyone who suffers with back & hip problems. It also comes with a higher foot elevation, again good for circulation.

BUXTON

The Buxton is a great choice of chair if you are seeking something a little more modern looking, whilst still bringing you superior relaxation and comfort. Our exclusive and uniquely designed arms are shaped to add a clean look and finish to this classic. You'll always find your most comfortable and supportive position. It's available, as all of our chairs, with all 4 mechanisms, backs and accessory choices.

The ultimate in riser recliner chairs. The Dorchester is our award-winning armchair. Superbly crafted upholstery is complemented by its traditional, classic and stylish looks, with scrolled arms and elegant wings - The Dorchester is everything you could want in a riser recliner. Find your most comfortable position at the touch of the button.

Available with the popular waterfall back, lateral support cushion back and letterbox back. This model is available in all 4 of our mechanisms to suit all of your needs.

The Hereford chair exudes class and style with our exclusive wooden knuckle arms which are complemented by a sweeping curved outer arm. The Hereford is a great choice if you struggle to get in and out of your chair as the knuckles provide you with a good grip whilst the chair is rising. The perfect addition to your living room or office. A truly elegant, sophisticated recliner.

Available in all 4 of our mechanisms, all 3 backs and with 3 options of quality wood finishes: Natural, Teak and Mahogany.

Designed with elegant and subtle scroll arms, the Monmouth is similar to the Hereford in style but without the wooden knuckles, giving you a modern but still classic look. Its classic sweep outer arm gives the chair an aesthetically pleasing look and delivers comfort and relaxation. A great choice if space is at a premium as the arms are slender making the chair narrow and giving it a sleek look. Available in all 4 mechanisms and various backs.

CAMBERLEY

The Camberley is a popular chair because of its simplistic design. Relish those few moments of comfort with a chair that has retro styled arms that is designed to fit in with any suite.

This comfortable, cosy riser recliner is available in the Premier and Deluxe mechanisms with a waterfall back. Its innovative technology brings high quality and great build all for an incredible price. Whilst this chair is only available in a selection of sizes and mechanisms rest assured, we have not compromised on our high quality or expert craftsmanship.
