Dash Lite 2

Light in weight. High on quality

Designed with help & support from Wheelchair Services & User groups across the UK The Dash Lite 2 sees RHealthcare deliver a standard that is equally suitable as a prescription chair or a volume Bulk fleet wheelchair.

This lightweight addition to the RHealthcare range of wheelchairs offers unrivalled Value For Money combined with high aesthetics whether you choose the Self Propelling or Attendant model.

This successfully crash tested aluminium chair is suitable for use in a motor vehicle and comes complete with a full two year parts warranty for peace of mind.

YOU CHOOSE... ...ALL INCLUDED IN THE PRICE!

- Fitted lap belt
- Puncture proof tyres
- Retardant brake on all 315mm wheels
- Choice of seat sizes 18"x17", 17"x17" or 16"x16"
- Tipping lever to aid carers at kerbs
- Folding back
- Easy folding frame for storage or transporting
- Swing away arms for aiding side transfer
- Length adjustable lever on parking brake to assist use
- Choice of Black or metallic Red frame
- Swing away and detachable footrests
- Extended tipping lever

Retardant Brake
To aid carers manoeuvring the 315mm wheelchair around tight corners indoors and assist outdoors on slopes & ramps

Adjustable Brake Lever Length
Can help reduce bending for the carer and offers assistance to those with reduced upper body strength

Quick Release Wheels
Easy to use to reduce lifting weight for storage or transporting in a car boot

Padded Nylon Upholstery
A stylish modern no charge option for those wanting extra comfort or not requiring a seat cushion.
Standard on 24" QR wheel

Lightweight Upholstery
Where lifting weight is important, an easy wipe down upholstery in the traditional style.
Standard on 315mm QR wheel

Easy Side Transfers
With the aid of easy swing away lockable/detachable armrests

Swing Away and Detachable Legrests
Giving the options to help aid transfer and storage
