## Incontinence Range

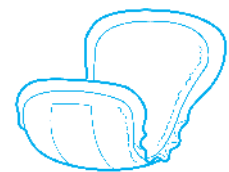

“Produced by one of the leading manufacturers of incontinence products.”

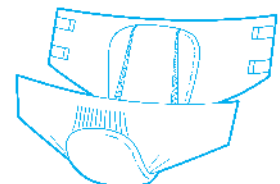

Discreet Pull Ups

Bed Pads

Shaped Pads

All in Ones

### BREATHABLE

Waterproof back sheet enables the air to flow to maximise skin integrity.

### MORE DISCREET

Quiet polyethylene back sheet limits awkward noise helping to preserve the users' dignity.

### MORE ABSORBENCY

Double absorbent core in the centre of the pad to optimise absorbency level.

### WETBACK

The acquisition layer improves the rate of absorption, greatly reducing the risk of leakage and any potential feeling of wetness.

### NO LEAKAGE

Hydrophobic leg cuffs prevent sideways leakage.

### ODOUR CONTROL

New generation Super Absorbent Polymer; maximises the absorbency level and neutralises odour.

### WETNESS INDICATOR

The wetness indicator will turn blue in contact with urine and indicates when the pad should be changed for maximum comfort.

The Age UK Incontinence range has been developed to provide users with complete ease of mind. Suitable for those with active lifestyles, the range will provide protection for users with light to severe incontinence.
