### Single motor Tilt-In-Space

A quiet smooth recline action with a zero gravity no shear motion. The powerful 6kn motor lifts with a 'tilt in space' motion. This action has three manually adjusted pivot positions allowing the chair to rise as shown or to a near horizontal rise position.

### Dual motor Tilt-In-Space

This action allows for individual adjustment of the back angle position, but allows the recline motion to operate in a tilt-in-space motion with no change to the seat/back angle during the recline movement. This ensures a comfortable no-shear feeling.

## Complementary Furniture

The Dream collection is available as a 2 seater sofa, 3 seater sofa, static chairs, fireside chairs and footstool.
