Lightweight aluminium frame weighing just 14.65kg* for easy lifting and everyday handling

Smooth, efficient drive performance powered by dual 200W brushless motors

Up to 8.7 miles of range, with the option to double the distance using a second battery

Part of the Astrolite family, offering the reassurance of a trusted, lightweight mobility range

Offered with a versatile range of accessories, such as a compact, intuitive attendant controller for added support

*Excludes batteries and seat cushion. **Maximum range is based on a 100kg user, ambient temperature of 20°C, a new fully charged battery, and constant speed of 6km/h with 70% battery discharge. Actual speed and range may vary with user weight, battery condition, terrain, weather, and driving style. 13kg carry weight excludes removable battery and armrests.
