

Dash Lunar Powerchair

Featuring Lunar latch system on this U.K designed chair

Lunar latch system

UK-designed and available in three colours (Teal, Black, or Navy Blue) the Lunar cleverly splits into two sections. With the heaviest part only **11kg**, it becomes far easier to lift, store, and transport.

Standard features

The Lunar comes equipped as standard with a 20Ah battery, powerful 250-watt motors, flip-up armrests, and front castor suspension. Delivering performance and comfort.

Optional features

Optional extras include a 10A battery that is flight-safe, a rear controller for the attendant, and a detachable front light with integrated charging ports.
