

Lightweight mobility solutions

Rediscover your freedom

Recognised leaders in the design and manufacture of ultra-portable scooters and power chairs

Explorer

My name is Sumi, and welcome to eFOLDi - Home to some of the world's lightest and most compact folding mobility scooters and power chair.

We strive to help people rediscover their freedom and independence.

Lite

Power Chair

When my father lost his mobility in a work-place accident some years ago, he simply couldn't find a mobility scooter anywhere, that was easy to use, safe and comfortable - but also lightweight and portable. Undeterred, my father set about designing his own scooter - and that is how the first eFOLDi mobility scooter came to be born!

Since then, eFOLDi has developed into a thriving family business, designing and manufacturing innovative mobility products that help make travel simple, achievable and most importantly, fun!

The eFOLDi scooter was also a proud winner of the prestigious 'British Invention Of The Year' award in 2016. At the Virgin Media VOOM competition in 2016, legendary innovator and entrepreneur, Sir Richard Branson, even named the eFOLDi scooter "folding magic".

Join us in making travel easy and enjoyable again, and let an eFOLDi be your perfect travel companion.

and carries up to
19 Stone/120kg/265lbs

*excl. battery

eFOLDi has changed my life so much for the better. It allows me to participate so much more in the world. It folds up extremely neatly like a small suitcase, and is light enough for someone to easily lift into a car boot. I have gone from being largely isolated to being much more able to participate in outings.

Jackie, Esher

Power Chair

Ultra-lightweight folding power chair

The eFOLDi Power Chair is one of the world's lightest, most compact folding powered wheelchairs. This ultra-portable, lightweight power chair is the perfect travel companion, and folds and unfolds in a matter of seconds. No complex assembly is required - just unfold and go.

Lightweight • Portable • Compact • Robust

Accessories

To complement your eFOLDi, we offer a wide range of accessories tailored to suit a variety of needs. This includes a host of storage solutions, protective covers, cushions and battery charger options.

Innovation

Recognised as leaders in the design and manufacture of ultra-portable scooters and power chairs, we strive to help people rediscover their freedom and independence.

Our products are manufactured using the highest quality materials to ensure they're robust enough to withstand the toughest of conditions and terrain. Our scooter frames are made from high-grade aluminium or magnesium alloys, our high-specification brushless motors deliver exceptional

performance, and our batteries use advanced lithium-ion technology, so they're not only durable, they offer outstanding levels of reliability.

Support

All eFOLDi products come with a comprehensive 12-month UK manufacturer's warranty. In the unlikely event of a problem, our UK support centre and servicing team are always on hand to help. They are trained to diagnose and rectify any problems, including warranty repairs and any ongoing service and maintenance requirements.
